CONSENT TO ELECTRONIC DELIVERY OF REPORTS, NOTICES AND OTHER COMMUNICATIONS FROM ATEL CAPITAL GROUP INVESTMENT PROGRAMS

The Public Funds sponsored by ATEL Capital Group and offered through ATEL Securities Corporation (together referred to as the "ATEL Funds") can deliver communications to investors electronically, rather than in paper hard copy.

By signing this consent below, investors in ATEL Funds can choose to have all communications provided for by the governing instruments of any ATEL Fund in which they have an investment delivered electronically. This consent can be revoked at any time by written notice to the ATEL Fund. Communications by the ATEL Funds that may be delivered electronically include:

- periodic reports, including quarterly and annual reports;
- notices; and
- consent solicitations.

As well as any other communications by the ATEL Funds with their investors permitted or required under their governing instruments (collectively referred to as "Investor Communications").

The ATEL Funds may accomplish electronic delivery of Investor Communications by one or more of the following methods:

- posting Investor Communications to the ATEL Capital Group internet web site (<http://www.atel.com/>) and providing investors with notice that these materials are available for viewing and giving investors instructions for accessing the materials on the web site by e-mail, physical mail or telephone;
- sending e-mails to investors containing a direct internet link in the e-mail to the Investor Communications posted on the ATEL web site;
- sending e-mails to investors with a copy of the Investor Communications attached to the e-mail in portable document format (commonly referred to as "pdf" format with file names ending in .pdf);

The current address for the electronic information is www.atel.com/consent

Investors should note that electronic delivery may impose costs on or require additional action by an investor that he or she would not bear if the investor opts not to elect electronic delivery and continues to receive the traditional, physical mailing of printed paper materials. Investors may incur Internet online costs for accessing e-mail. At the same time, investors may need to download a .pdf document viewer, such as Adobe Acrobat®, though Adobe Acrobat® is currently available to be downloaded with no charge at <https://get.adobe.com/reader/>. If an investor does not currently have access to the internet and electronic mail, or access to a computer or other device with the ability to read digital media, the investor will not be able to elect electronic delivery.

ATEL Investor Services will work to provide assistance to investors in connection with electronic delivery of Investor Communications, free of charge. Investors in need of such assistance should contact ATEL Investor Services by phone at (800) 543-2835, option 3, or by e-mailing us at ais@atel.com.
